Dear Winfield Family,

I'm sending this letter to you to let you know that 2 members of our school community have tested positive for Covid-19. Based on available information, all parties who were considered close contacts have been alerted.

For clarity, due to our current Safe Reopening Plan, a close contact is a person who is not fully vaccinated who is within 3 feet of someone who tests positive for greater than 15 minutes.

Additionally, all students over the age of 5 are eligible to be vaccinated, and vaccinated people do not have to quarantine as close contacts, unless of course they are feeling symptoms. As should always be the case, continue to monitor your children, and alert your healthcare provider if they report feeling ill. Should you have questions, please contact the main office.

Thank you all for your support during these uncertain times.

Most sincerely,

Ross LeBrun
